2023 Water Guardian \$1000 Bursary

The Friends of the Tay Watershed are pleased, once again, to announce their \$1,000 bursary.

This year, they are offering two bursaries of one thousand dollars each.

The bursaries are open to Tay Watershed high school students graduating in 2022-23, as well as former Tay Watershed students continuing post-secondary education. This is in recognition that continuing students are often in need of funding too.

We wish to emphasize that this award is not based on marks but on a demonstrated interest in the environment and water sustainability. Thus, we request that applicants demonstrate their interest in and ideas about the environment in a short, written essay or report of approximately 500 words.

The following two pages explain how to apply for the bursary.

A fillable application form can be found on our website at <http://taywatershed.ca/new.php#WG23>

Thank you for your interest in and past support of our bursary program and for sharing this information with this year's graduates as well as any graduates from previous years who have an interest in the environment.

Sincerely, the FoTW Bursary Committee

Frank Roy

Carol Dillon

Judy Buehler

David Kroetsch

The bursary committee may be reached by email at bursary@taywatershed.ca
