

The Canadian Federation of University Women in collaboration with the Friends of the Tay Watershed invite you to:

Local Perspectives on Climate Change: A Call to Action!

15 April, 2013 from 7:30 to 9:30 PM (doors opening at 7:15PM)
at the Royal Canadian Legion,
26 Beckwith Street East, Perth, Ontario.

Inspired by the communities in the Lake Simcoe Watershed who worked cooperatively together to produce a ground-breaking climate change plan, this forum will start the dialogue with citizens, politicians and scientists in Lanark County.

Find out what can be done on a local level to reduce climate change contributors and what must be done to prepare for the impacts of climate change.

Panelists will include Rideau Valley Conservation Authority's Bruce Reid, Mississippi Valley Conservation Authority's Paul Lehman, Lanark County Warden Bill Dobson, Town of Perth Mayor John Fenik and Environmental Consultant Jackie Oblak.

The forum will be moderated by Lynn Preston of the Centre for Sustainable Watersheds.

Admission free!
Refreshments.
